

## IRONING & STEAMING WORKSHOP

The course builds on the knowledge the students have gained in the theoretical eLearning course which has covered **fabrics, fibres and weaves, and care labels.**

- The theoretical and task-based assessment ensures that both the students' knowledge and skills are evaluated.
- A certificate of achievement is awarded upon successful completion of both assessments.
- The course covers risks and all necessary health and safety measures associated with ironing and steaming.

### LEARNING OUTCOME

At the end of this course, learners will be able to:

- ✓ Safely use the most suitable ironing equipment to efficiently and effectively iron, press or steam common items of clothing, bedlinen, and service linen.

Our workshops are based on the approach: Show-Me/Guide-Me demonstrations, and Let-Me-Try activities.

### LEARNING OBJECTIVES

#### EQUIPMENT & AIDS

Identify key types of equipment used for ironing and steaming.

Choose suitable ironing equipment and appropriate settings for a given item or fabric.

Identify ironing aids and accessories to increase ironing efficiency and effectiveness.

#### CARE LABELS & IRONING

Explain the importance of following fabric care labels.

Effectively use an iron or fabric steamer to remove unwanted creases and wrinkles from garments and other laundry items.

#### STORING & EQUIPMENT CARE

Correctly hang and store garments after ironing or steaming.

Correctly fold and store garments, bedlinen, or service linen after ironing or steaming.

Outline how to care for and maintain your ironing equipment.

*Created for the luxury industry, this workshop was designed by professional instructional designers alongside industry experts.*
